(Kitchener, 1985)

# Tips for Success

- Know your values
- Be aware of the contextual environment
- Understand the legal and ethical implications at your institution
- Collaborate with, and inform, others
- Align assessment with institutional/department/unit priorities, mission, vision, etc.
- Create a unit set of ethical standards
- Strategize to address potential issues in every step of the assessment cycle

# Ethics

- 1979 Belmont Report: respect for persons, beneficence, justice

# Persons

- Choice to participate, Awareness of potential adverse effects
- Privacy and confidentiality
- Informed consent

# Beneficence

- Do no harm
- Maximize benefits, minimize harm

# Justice

## Fairness & equal treatment

- Participant selection
- True to promises (incentives, confidentiality, etc.)
- Impartial reporting

Do we need an IRB meeting?
